Notes

Some genealogies have Walter as being the son of Nathaniel Tucker born 1708, Walter being born in England in 1738 and his death in Manchester, Ohio (which is in Adams Co.) in 1824. John Rohde has no birth date, no father, and his death in 1828 in Adams Co., Ohio. Perhaps John did not find enough evidence to link him to Nathaniel so did not put that in his genealogy. More info needed. Reference to Nathaniel as father of Walter comes from "Virginia Colonials and Their Maryland Relatives" by Norma Tucker, and in that Nathaniel is mentioned as a "possible" father for Walter. We can note also that in the Tax list for the Lower Potomack Hundred we find an Edward Tucker and Eleanor Tucker who are 56 years of age in 1776 and old enough to be the father of Walter also and in the right place. Apparently there are no birth places listed here, just names and ages. More evidence of a connection with Nathaniel is "a signed petition to have Frederick Co., MD, become a separate county from Prince George which may have been cut out of Calvert Co. This petition was signed by Nathaniel Tucker, William Tucker, and John Tucker in the year 1743. This might indicate that there were at least 3 brothers of the family in MD at the time.....Nathaniel, William, and John. Our Walter was too young so this would have to be a generation older, making it a possibility that Nathaniel, William, John and Edward might have all been brothers!!??

..... Walter Tucker is found on the 1776 Provincial Census of the Lower Potomack Hundred of Frederick County, Maryland (which was later Montgomery Co.) From the Genealogy of John Rohdes.

Walter Tucker.....age 34.....(born about 1742)
 William.....age 10.....(born about 1766)
 Rezin.....age 8.....(born about 1768)
 Osborn.....age 6.....(born about 1770)
 Walter.....age 4.....(born about 1772)
 Nathaniel.....age 2.....(born about 1774)
 Benjamin.....age 1.....(born about 1776)

These may not necessarily be of one family but they may as this one seems to be grouped together in proper ages. Others listed include (no indication where they belong)

Benjamin.....age 22.....(born about 1754)
 Joseph.....age 26.....(born about 1750)
 John.....age 4.....(born about 1772)
 Hezekiah.....age 25.....(born about 1751)
 Susanna.....age 26.....(born about 1750)
 Elizabeth.....age 28.....(born about 1748)
 Susanna.....age 2.....(born about 1774)
 Elizabeth.....age 1.....(born about 1775)
 Elizabeth.....age 31.....(born about 1745)
 Mary.....age 35.....(born about 1741)
 Elizabeth.....age 56.....(born about 1720)
 Eleanor.....age 14.....(born about 1762)
 Edward.....age 56.....(born about 1720)
 Alexander.....age 21.....(born about 1755)

The women are on a separate page. Varying families, no doubt, but may all be relations.

By age Edward and Elizabeth both 56 could be husband and wife. Alexander listed under Edward. Eleanor listed under Elizabeth. Of the women we have Mary 35, Elizabeth 31, Elizabeth 28, Susanna 26 of marriageable age. Men would include, Joseph 25, Hezekiah 25, Benjamin 22, and possible Alexander at 21.

This is the last we find Walter on the tax lists

We also find several times that an Allan Tucker is listed along with this family in different tax lists. Possible that Allan could be an older son, older than William, or even possible a brother of Walter. Allan found on the 1792, 1793, 1795 More study needed.

From an e-mail of John Rohde, June 2000, he makes mention that it is possible that Walter may have married, after the death of his first wife, and mother of the children, a lady by the name of Sarah or Sallie. They year after Walter's name disappears from the Tax list of Adams County, Ohio, a "Sarah Tucker" appears on the list. This Sarah was rumored to be another sister of the wives that William and Osborn had married.

.....
From Kathy Gregory.....who has found a Walter Tucker on the tax lists of Clark Co., Kentucky, for 1801, 1802 and 1804. Was it this Walter? Or another. John Rohde believes the family went to Jefferson Co., Virginia.....or West Virginia before going on to Ohio. His time line puts Walter or Walter's family in 1790.....Montg. Co., MD

1792 to 1801.....Berkeley Co., West Virginia (or Virginia)

1802 to 1815.....Jefferson Co., West Virginia (or Virginia)

Then on to various places in Ohio.....like Greene County and Adams County

Since the tax lists confirm William and Osborn as being in Jefferson Co., West Virginia.....but do not list Walter, possible he went with another child to Kentucky for a time???

Marriage Information	
Wife:	Sally Branham
Beginning status:	Married
Wife: Sally Branham	
Born:	Abt. 1742

Notes

Sally Branham as wife to Walter, was given in several genealogies on the Internet but was not added by John Rohde. I would assume that he felt there was not enough evidence to be sure about it. So I will add it, plus the other children that were named in the genealogies, just to make it easier to find the place to put any new information when it turns up.....knowing I may have to make corrections on this at a later date.

Children of Walter and Sally were given by:

Shirley Wilkerson
Kathy Gregory
Lisa Garman

Kathy Gregory also states that this Sally Branham, Brannum, Branium was the 2nd wife of Walter and she does not have a first wife.

Notes

William Tucker is found on the Provincial Census of 1776 of the Lower Potomack Hundred of Frederick County, Maryland (later Montgomery Co. It is likely that he is the son of Walter Tucker and is listed as though he might be although the names are together and cannot be sure from that reading that these are all the children of Walter. Poss. children of Walter Tucker:

William.....age 10 in 1776 (which does not match exactly with tombstone date of 1761)
Rezin.....age 8 in 1776
Osborn.....age 6 in 1776 (from whom John Rohde is descended)
Walter, Jr.....age 4 in 1776
Nathaniel.....age 2 in 1776
Benjamin.....age 1 in 1776

There are also others in the same age group that may or may not belong to Walter:

Johnage 4 in 1776 (prob. son of Joseph)
Susanna.....age 2 in 1776
Elizabeth.....age 1 in 1776

Most of this original information is from John Rohde II who comes down from Osborn Tucker above.

We find William, age 10 in 1776 making his birthdate 1766.....Provincial Census of 1776 (above)
Though the tombstone inscription list in Perry Twp. Cemetery gives William as being born in 1761 we cannot be sure that this was correct as the tombstone is missing and in inscribing

in 1761 we cannot be sure that this was correct as the tombstone is missing and in inscribing it might have been read wrong, or transcribed wrong from the written records. A lot of variables here.

1807 tax list of Jefferson Co., Virginia, 2 white males over 16

1809 tax list of Jefferson Co., Virginia, 1 white male over 16, no tax listed

The above supplied by John Rohde II. His ancestor Osborn Tucker is found with William in the 1776 census, 1793 tax list, 1798 tax list, 1799 tax list, 1800 tax list, 1801 tax list, 1802 tax list, 1803 tax list, 1804 tax list.

.....

Note that an alternate birth date of 1766 is given by John Rohde because of the census list of 1776 where William is listed as 10 years old making his birthdate as 1776. It is possible that the date on the tombstone was misinterpreted as I have never seen the tombstone to check it out. It has disappeared but we do not know when. However, by the death age added to the birth date the year 1761 is correct. Do we have the right William Tucker???

Also noted on the Virginia Tax lists we find a JOHN TUCKER listed on just 2 of them.

1805 John Tucker, Jeff. Co., VA as 1 white male over 16 born by 1789

1806 John Tucker, Jeff. Co., VA as 1 white male over 16, born by 1790

No tax listed

Is it possible that John was the eldest son of William? Being married by about 1789 he could possibly have a son by that time and John is listed.

1 female 16 to 26 (born between 1794-1804) Prob. Lucy

1 female 30 to 40...born 1790-1800.....Maybe Lucy who married 1835

1 female 60 to 70...born 1760-1770.....wife, Mary

We still have younger children listed, 3 of them at this time. The other possibility was that Lucy had been married before she married Ambrose Jump/Gump and these are her children by a former marriage. But would say they must be grandchildren of one of the children. Mary is too old for them to belong to her.

sw also lists the last 4 as being born in Adams County, Ohio, but note above that Osborn is still in Jefferson County, VA or W VA in 1804. From the tax records William and family seem to be in Jefferson County until 1815, but no mention is made of Osborn. Perhaps he moved to Adams County, Ohio, several years before William moved to Greene County. Need a little more work on this.

Lisa Garman agrees with this list of family and where they were born.

Dennis Greene gives this Osborn a name of William Osborn Tucker which is probably not correct as there is already a brother by the name of William.

Land Contract BANE & MCCONNELL TO LAMME & TUCKER

Indenture made March 5, 1833 between Ebenezer Bane and Isaiah McConnel, executors of the will of James Bain, late of Greene Co., deceased, for \$80 the land where Reason and Samuel no doubt built a mill. Section 27, Township # 3, Range 5 or 6, by the Little Miami River. Same as the land below. Signed in the presence of John Osburn, Justice of the Peace, and Jeremiah Gest. Found in Greene County, Ohio Deed Book 14; 270-271. Sent to me by John R. Rohde. Also found in the FHL Microcopy #0465350.

Land Contract between REASON TUCKER AND SAMUEL LAMME

Indenture made 27th day of February 1834 between Reason Tucker and wife Frances in Greene Co., Ohio, and Samuel Lamme of Greene Co., for \$40 sold 1/2 of several tracts of land. Apparently where they had built their mill. Section 27, Township _____, Range 6, at edge of Little Miami River. Description complicated. Probably they were selling their share in the mill that Reason and Samuel had built getting ready to head for Indiana. Signed in the presence of Thomas Tucker and John James.....find the whole copy in the Greene Co., Ohio Deed Book 15, 238-239. Sent to me by John R. Rohde.

Benjamin Tucker.....018

Everett Tucker.....012

NATHANIEL TUCKER.....018

NATHANIEL TUCKER.....086

Osman Tucker.....018.....Springfield Twp??

Shin/Swin ???.....

Walter Tucker.....018
 William Tucker.....141.....Sugar Creek, Greene Co.
 Margaret Tucker.....134A.....Dayton, Montgomery Co.
 Reason.....137A.....Washington, Montgomery Co.

The above names contain several members of this family. Not sure if any of the townships were Springfield. Think they were all Sprigg Twp. Need to check each of these out. Reason may be William's son and I believe that he and James Vandolah built a mill in Washington (the County was never stated) Of the Adams County group Walter, Benjamin, Osman and Nathaniel were all sons of Walter. Or they could be sons and cousins of the next generation down as some of the names were the same. Perhaps a look at the census will tell us.

Possible the Shin/swin might be Samuel??

Marriage Information	
Wife:	Frances
Married:	Abt. 1808
Beginning status:	Married
in:	Probably Jefferson Co., Virginia
Wife: Frances	
Born:	Abt. 1789

Died:	Bef. 1880
in:	Perry Township, Allen County, IN

Notes

From the Genealogy of John Rohde:

Frances was found in the 1870 census of Perry Twp., Allen County, IN.....July 14, 1870

In research John has found some possible identities for Frances, wife of Reason

The VAUGHN family:

John Vaughn and his wife, Phoebe Fallis resided in Sugar Creek Township, Greene County, Ohio. Interestingly the Christian names of Rebecca and Phoebe/Phebe are found among the Fallis family.

A Thompson Vaughn was a millwright along with Reason Tucker in Greene County, Ohio.

Before coming to Greene Co., Ohio, John Vaughn had resided in Shenendoah County, Virginia.

Complications:

John could not find the Vaughn family ever residing in Jefferson Co., West Virginia

Or find that the Tuckers had been associated with Shenendoah County, Virginia.

How did they meet?

Also he found on the IGI that someone had sent in the information

That Reason Tucker was related to James Stapleton Lewis

James Stapleton Lewis had a sister Rachel Lewis who married a William Fallis and

a brother, Joel Lewis who married a Mercy Fallis.

Phebe Fallis had a brother, William Fallis

and a brother, isaac Fallis

Isaac Fallis married Mercy Vaughn

Notes

James VanDolah came to Indiana about 1835 and decided to build his mill here on Cedar Creek. They came from Green County, Ohio, and from Sugar Creek Township. He and Rebecca were married there as on the census we find that Benjamin was born in Ohio, as was the next son Thomas and the rest were born in Indiana.

He built the VanDolah Mill and worked on several others in the area. In 1839 he built a mill in Cedar Creek Township and was called a "famous mill builder".

We find both the VanDolahs and the Tuckers at one time were in Sugar Creek Township, Greene County, Ohio. Would guess they came to Indiana from there. Since both families were millers and Millwrights they probably were close together.

From article in the newspaper: "When Allen County was opened up for settlement, James Vandolah came from Greene County, Ohio. The year was 1832. He found what he wanted in northeast Perry Township and purchased 520 acres direct from the government. The land lay on both sides of Cedar Creek and 100 acres of it straddled the creek bottom, connecting the high land on both sides. The price was \$1.25 per acre. The officials with whom James dealt were amazed. Why, Mr. Vandolah, with such a good choice of available land, do you take so much wild creek bottom? He answered I am a millwright and I want the water rights! James went back to Greene County. Three years later he returned and dug the mill race. The following year, 1836 he brought his family to stay.....James chose well, building a house for the family on the south rim, and the mill down close to the creek. The creek curved south on his land and he had cut the mill race across the inside of the curve, and located the mill against the bluff of hill on the west side of the creek and south of what would later become the Auburn Road. James Vandolah was a genius at his trade and the mill was expertly engineered. The mill burr from French stone, was adjustable for fine and course grinding, and everything in the mill worked beautifully."

From the "annals of the townships of Allen County"

James Vandolah, one of the worthy pioneers of Allen County, came to Indiana in 1832, on a tour of inspection, looking for a situation for a water-mill. This he found in Perry Township and then returned to Ohio. In 1835 he came again and remained long enough to dig the race for his mill. In the fall of 1836, he emigrated with his family, and settled on the farm where Benjamin Vandolah now lives. He entered about 400 acres of wild land in Eel River township, 520 in Perry township, and 160 acres in DeKalb County. He was a mill-wright, and devoted much time to his trade, having worked in several mills throughout the country. He built the Shryock mill at Leo, the Dawson mill at Spencerville, the grist mill near Clarksville, his own mill and a number of others. About 1830 he was united in marriage with Rebecca Tucker. Of their eight children, five are still living, Benjamin, Thomas, Sarah J., Frances, and James. Mr. Vandolah served as one of the trustees of his township several terms. He was a leading citizen and was highly respected by all who knew him.

Another bio: James Vandolah first visited Perry Township vicinity in 1832, while searching for a desirable mill site with convenient water power. He located on on Cedar Creek and having secured the land, he returned to Ohio for three years, coming back in 1835, to dig the race for his mill. He then returned for his family and in 1836 they settled on the farms where his sons afterward spent most of their lives. Mr. Vandolah's land holdings were extensive, including not only 520 acres in Perry, but 400 acres in Eel River Township, and a quarter section in DeKalb County. He was an expert millwright, and spent a great part of his time at this trade, having worked at many mills in the middle west. The Shryock Mill at Leo, The Dawson Mill at Spencerville, the gristmill near Clarksville, his own mill and a number of others were built by him. Mr. Vandolah was a township trustee several times. The Vandolah's reared a family of 8 children, five of whom survived the parents, and achieved nonor and

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The text also mentions the need for regular audits and the role of independent auditors in ensuring the reliability of the data.

2. The second part of the document focuses on the challenges faced by organizations in implementing effective internal controls. It highlights the complexity of modern business environments and the need for a robust framework of controls to manage risks. The text suggests that organizations should adopt a risk-based approach to internal control design and implementation, focusing on the most significant risks to the organization's objectives.

3. The third part of the document discusses the importance of transparency and accountability in financial reporting. It notes that stakeholders, including investors, creditors, and the public, rely on the information provided in financial statements to make informed decisions. The text stresses the need for organizations to provide clear, concise, and reliable information, and to be held accountable for the accuracy of their reports.

4. The fourth part of the document addresses the role of technology in enhancing financial reporting and internal control systems. It discusses how digital tools and automation can improve the efficiency and accuracy of data collection and processing. The text also mentions the importance of cybersecurity in protecting financial information from unauthorized access and manipulation. Organizations are encouraged to invest in technology and to ensure that their systems are secure and up-to-date.

5. The fifth part of the document discusses the importance of training and education for financial professionals. It notes that a high level of expertise and knowledge is required to manage financial reporting and internal control systems effectively. The text suggests that organizations should provide ongoing training and education for their staff, and that professional bodies should continue to develop and update their standards and guidelines.

6. The sixth part of the document discusses the importance of collaboration and communication between different stakeholders. It notes that effective financial reporting and internal control systems require the input and cooperation of management, auditors, and other relevant parties. The text suggests that organizations should establish clear lines of communication and collaboration, and that they should work together to identify and address any issues or concerns.

7. The seventh part of the document discusses the importance of monitoring and evaluation of the internal control system. It notes that organizations should regularly assess the effectiveness of their internal controls and make adjustments as needed. The text suggests that organizations should establish a formal process for monitoring and evaluation, and that they should involve relevant stakeholders in the process.

8. The eighth part of the document discusses the importance of documentation of the internal control system. It notes that organizations should maintain clear and detailed records of their internal control policies, procedures, and activities. The text suggests that organizations should ensure that their documentation is accessible and up-to-date, and that it provides a clear and concise overview of the internal control system.

James has his name on 2 tombstones in the Cemetery at Perry Township. One is older and is probably the original. Then there is a larger one that says "In Memory of Our Parents" that has both his and Rebecca's name on. She died in 1881, 30 years after the death of James.

From the Genealogy of John Rohde:

Found in the 1850 census of Allen County, IN

Also John puts a possible child, Charles Vandolah, as James son, but we have no information on him.

From the Bellbrook Moon of Bellbrook, Ohio.....Collection of 1893

James learned the millwright trade, which he followed through his life. He and Samuel Lam built and owned the Washington Mills that burned down a few years ago. He built the Evans Mill below Spring Valley and owned it in partnership with Mr. Evans. John Duck of this place learned the millwright trade under him. He married Rebecca Tucker, who was the daughter of Reason Tucker. They were married at the bride's home at Washington Mills, Squire John James officiating, which event occurred in about the year 1832.

The Vandolah heirs sold their farm to Matthew Berryhill and moved to Clifton and lived a year or two, where Sarah was married and James and his father-in-law built a mill, after which they all moved to Indiana beyond Fort Wayne where James and Mr. Tucker built a mill _____. At last account both James and Joseph were dead.

Land Contract.....JAMES VANDOLAH TO J.SMITH & T. EVANS (James Smith and Thomas Evans)

Indenture made on the 24th day of November, 1834 between James and Rebecca of Greene Co., Ohio, and James Smith and Thomas Evans of Warren County for \$12.50 their share in the Mill property on the east side of the Little Miami River. They signed the deal in the presence of David N. James and Mary Whicker as witnesses.

Possible it is not "Mary" Whicker, but if it is, Mary is Jame's mother, Mary Polly Hand Vandolah Whicker. They came before John James and acknowledged the sale. John James was listed as the Justice of the Peace. He may be the same John James who married James and Rebecca. Found in the Greene Co., Ohio Deed Book 18, 359-369. Sent to me by John R. Rohde.

Land Contract.....JAMES VANDOLAH TO MATTHEW BERRYHILL.....recorded March 24, 1834
 Indenture made on 29th day of December, 1834 between James and Rebecca, his wife, and Sarah Ann Vandolah and Benjamin Vandolah all of Greene County, Ohio, and Joseph Vandolah of Allen County, IN, as heirs of Joseph Vandolah, late of Greene County, deceased, and Matthew Berryhill of Green Co. for \$3,000 for a tract of land in Sugar Creek Township, southwest quarter in Section 36, township 4, range 5. So they sold their right to that land and their mother's right to it to Matthew Berryhill. Witnessed by William S. Meir (Weir) and William Anderson, probably Sarah's husband or future husband. Joseph signed it in Allen County, IN. The others signed over their part in Greene County, Ohio. Found in the Greene Co., Ohio Deed Book 17; 36. 37. 38. Sent to me by John R. Rohde.

From the notes of Margaret Hawk, a Hand descendant:

Article on Page 25, Vol. 1, Scrapbook of Clippings from the "Bellbrook Moon" said James was a millwright and had built and operated several mills in Greene County, Ohio, before moving to Indiana. On December 29, 1835, he and Rebecca and his siblings, Joseph, Benjamin, and Sarah Ann sold the land they inherited from their father (Greene County Deed Book 17, page 36). On August 22, 1842, James and Rebecca, then of Allen County, IN, sold land in Greene County, Ohio (Deed book 23, page 58). In 1860 his widow, Rebecca, was in Perry Township, Allen Co., IN.

Notes

Rebecca listed as being born in Virginia in the 1850 census of Allen County, Indiana as 38 years old making her birthdate 1812.

I have read her tombstone as having died February 16, 1881. The Ohio River Families genealogy has her death date as March 16, 1884. I may have to go back to the cemetery to see what the tombstone really says. The printed inscription list also gives the date as Feb. 16, 1884. That would still make her the correct age being born in 1812 and dying in 1884.

John Rohde has Rebecca's birthdate as June 1, 1812

Notes

Benjamin Vandolah, the eldest son of James Vandolah and Rebecca Tucker was born in Greene County, Ohio, on April 14, 1834. He was brought to Indiana when he was 3 years old and on the farm where he now lives, was raised to manhood. He was married to Catherine Aaron, daughter of Michael and Elizabeth (Pierce) Aaron. She is a member of the Lutheran Church. He is a prosperous farmer, possessing 180 acres of fine land in Perry township, with substantial buildings. Mr. Vandolah has in his possession a very curious Indian relic which he unearthed 12 years ago.

Benjamin first apparently had been married to Mary Harrod in 1865.
